

**Statement to be submitted to the University of Heidelberg
regarding the financial provisions in connection with studies**

I hereby declare that I, Slava Tomáš am aware
(surname, name)

that the living costs during a period of study in Germany total an average of €850-950 per month (for rent, food, study materials etc.).

In addition to these living costs, students from non-EU countries, or countries outside of the European Economic Area (EEA), must pay tuition fees for a first degree (€1,500 per semester) in accordance with Paragraph 3 of the Baden-Württemberg Act on State University Fees (Landeshochschulgebührengesetz - LHGebG), or fees for a second degree (€650 per semester) in accordance with Paragraph 8.

I am aware that I must have secured the means to finance my period of study in Heidelberg **in advance**, and understand that working laws relating to non-EU citizens mean that it is generally not possible to cover my living costs and/or tuition fees by working alongside my studies.

I intend to fund my studies by the following means:

- Scholarship, funding or grant - sponsor/donor: _____
- Contributions from relatives, friends or acquaintances
- Other: savings _____
